AMENDMENT- AIRNOTE 3 AIRAC 07/2021 - 15 July 2021

Replacement/Additional Pages

287-288	Elstree
341-342	Gloucestershire
411-414	Lee on Solent
441-412	London City
747-748	Wycombe Air Park/Booker

AIRNOTES

Airnotes provide a comprehensive listing of all changes applicable to the current Flight Guide. These are updated every 28 days in line with the AIRAC cycle and are available via the Pooleys Website.

Changes notified since the last issue of Airnotes are identified by a 'bullet' in the left-hand margin.

To obviate the necessity of incorporating lengthy manuscript amendments, it is suggested that pages which are subject to amendment be suitably annotated, and then refer to the Airnotes, as required, for details of the changes.

POOLEYS FLIGHT GUIDE AIRNOTES

AIRAC 07/2021 - (15 July 2021)

UK Flight Information Regions

Nil

CLASSIFICATION OF UK AIRSPACE

- CLASS A Between b. Berry Area (excluding CTA 7); and c. Channel Islands TCA. insert a new sub para c. Borders CTA (excluding CTA 5, 9, 10 & 11) and rename old sub paras c-n to d-o. Insert new sub para p. Yorkshire CTA (excluding CTA 17).

- 608 ST ATHAN Com/Nav: Add Cardiff RAD 125•855. Amend St Athan ATIS c/s to St Athan Information 130•560.
- .616 SANDAY Hold A1 added on taxiway leading to the main apron.
- 617 SANDTOFT Com/Nav: Amend Doncaster Radar frequency to 126•225, 8.33 frequency not implemented as yet.
- 620 SCILLY ISLES/St Mary's Elevation: Amend from 116ft to 121ft.
- 621 SCILLY ISLES/St Mary's Remarks: 12th line down amend radial R254 LND to read R252 LND.
- 627 SHERBURN IN ELMET Com/Nav: Remove Linton App 118-550.
- 642 SKEGNESS Landing Fees: Amend Single & Microlight to £10. Caution: Add. There is a tower/mast 1.4 nm North East of the airfield at 70m aol.
- •643 SLEAP Landing Fees: updated. SEP £10, MEP £15, Jet.Turbine £40, Heli £15. Circuit session £30.
- 644 SLEAP Email amended to, info@shropshireaeroclub.co.uk and Website amended to www.shropshireaeroclub.com
- •646 SLEAP Gyrocopter circuit added to diagram.
- 653 SOUTHAMPTON HIRTAS Cowes & Portsmouth removed. Oakhanger HIRTA limits amended from 10.5 to 3.8. Portsdown HIRTA limits amended from 6.6 to 8.3
 - 654 SOUTHEND Com/Nav: Amend Director to 128-965.
- 655 SOUTHEND Contact details: Delete ATC Fax number 01702 544592.
- •677 SUMBURGH Com/Nav: Amend Radar frequency to 123•150 to 123•155.
- 678 SWANSEA 2 new x helipads located on Taxiway A and 2 new x helipads located on the SE corner of the apron. Windsock added East of Hangar 1.
- 679 SWANSEA Op hrs amended to Wed-Sun 0900-1600. 684 TEESSIDE INTERNATIONAL Handling Agents: Add:-

Jet Centre: Tel: 0330 4407700, Email: jetcentre@teessideinternational.com Warnings: Remove, Free fall parachuting sentence.

- 685 TEESSIDE INTERNATIONAL Heli site Hemsbase added North East of AD.
- •686 TEMPLE BRUER New Operator, Mr Adam Wheatley. Landing fees: Amended to, Single £10, Twins £15.
- 690 THRUXTON Remarks: Replace 'Non radio aircraft PPR' with Use of the aerodrome is subject to PPR. The aerodrome is not normally available to aircraft that are unable to communicate via RTF with the A/G station.
- 697 TOPCLIFFE Remarks: Remove text 'Satellite aerodrome of RAF Linton-on-Ouse'.
- 703 TURWESTON Amend text on graphic "Departing Rwy 27 Turn 10° Right" to "Departing Rwy 27 Turn 15° Right".
- 707 WADSWICK FARM Windsock moved to whete text Acft Parking is currently located and Acft Parking relocated to the West. Tall hedge at 28 threshold replaced by Low Wall.
- 710 WARTON Remarks: Add, Contact ATC for permission to enter the ATZ, if no response contact Blackpool ATC 119-955.
- 729 WHITE WALTHAM Runway lengths and declared distances amended to:

Rwy	Dim(m)	TORA	LDA

International Dawn to Dusk Competition

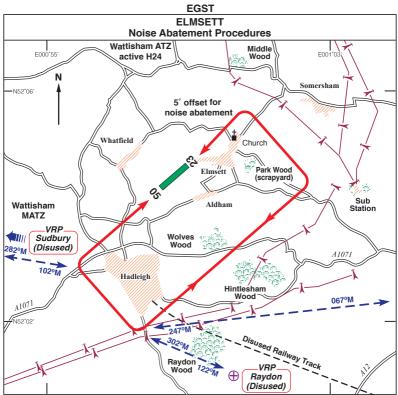

The Dawn to Dusk Competition, now in its **fifty eighth year**, provides a unique aeronautical challenge participating in a day's flying using an aircraft of the competitor's choice. The competition is an opportunity to further your flying, to expand your horizons and to give you the excuse you need to have the flying adventure you have always wanted to have.

The Objective of Dawn to Dusk is to encourage the most interesting employment of a Flying Machine within the limits of competent airmanship and to demonstrate the capabilities of pilot and machine in a day's flying, in the hours between Dawn and Dusk, whilst undertaking an original and praiseworthy objective.

All that is required is for the competitor to set themselves a challenging goal with a theme and fly it. You then need to write up a detailed log of your preparations and flight.

Over the past 50+ years winning and highly placed entries have been submitted from more than 14 countries including Australia, New Zealand, Scandinavia, Canada, United States and of course from across Europe.

If you are interested in entering the competition, please click on the **'How to Enter'** tab on our website: **www.pooleys.com**. If you have any questions, please email **enquiries@ pooleysdawntodusk.com** and we will come back to you.

Circuits: 800 ft QFE, RH on Rwy 05, LH on Rwy 23.

Please keep to the circuit pattern shown above.

Rwy 05 RH:

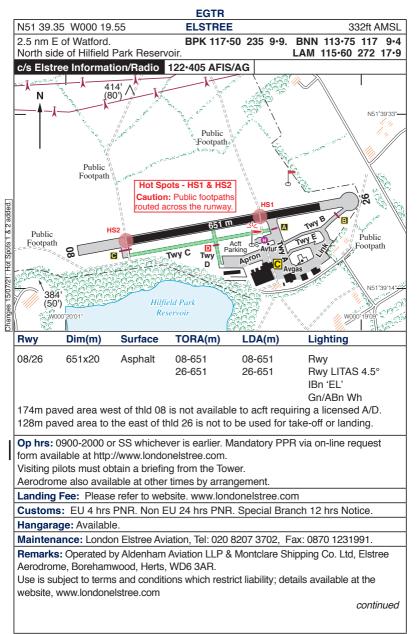

On departure, turn left 5° and then track 045° for at least 1.5 nm;

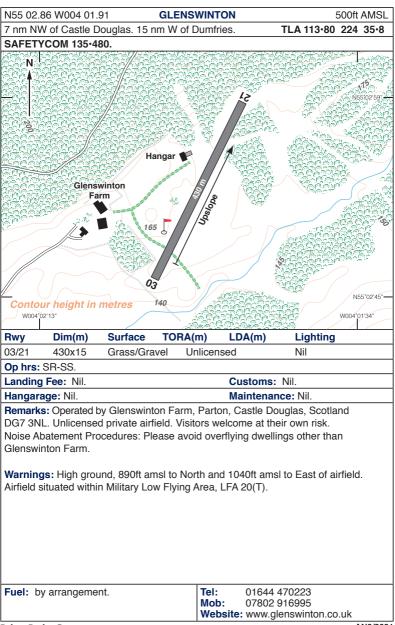

On downwind, track south of Hadleigh, and turn onto base when clear of town; Turn onto final when W of Hadleigh.

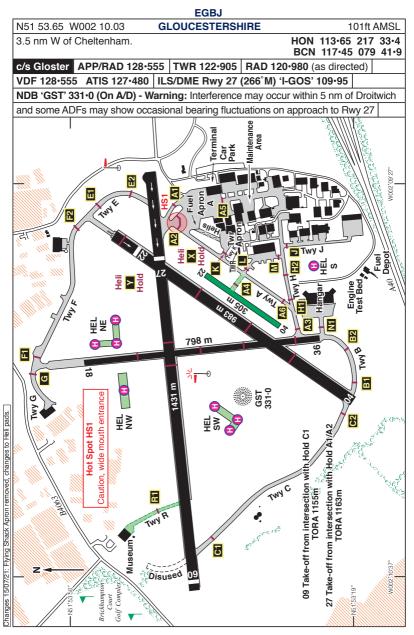

Rwy 23 LH:

On departure, maintain runway track for at least 1.5 nm before turning left; On downwind leg, track S of Hadleigh, parallel to runway, between Wolves and Hintlesham Woods;

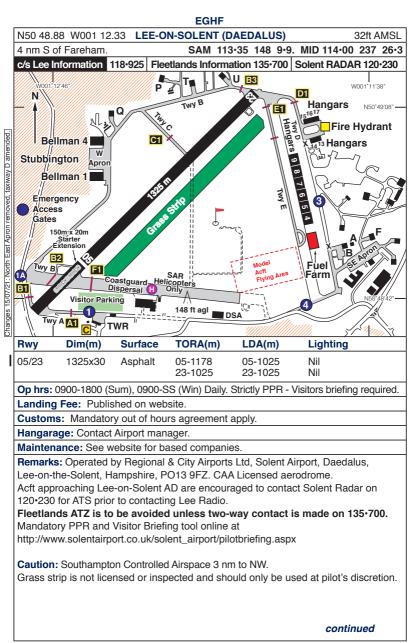

Turn onto final approach track of 235° to avoid houses and farms to the NE of Elmsett.

N50 48.88 W001 12.33 LEE-ON-SOLENT (DAEDALUS)

Remarks: continued

Noise Abatement: Avoid overflying built up areas Runway 23

Take-off – maintain runway heading until approx. 1 nm into the Solent before turning. **Landing** – No lower than 1000ft AAL heading for the Titchfield Gyratory (marked on map attached) maintaining clear of built up areas - for right base join, remaining south of the housing head for the south of the copse and – Downwind head for the small triangular copse and turn on to base-leg prior to reaching the most southerly corner of the copse.

Runway 05

Take-off – Remain west of the disused railway line (aim to turn crosswind over the solar farm if at or above 500ft AGL) and head towards the triangular copse continue climb to circuit height or above, remaining south of Fareham housing and turning right for overflight of the Titchfield gyratory. No practice engine failures after take-off.

Landing - No restrictions.

Circuit Height 1000ft QFE.

Circuit directions: Standard circuit Rwy 23 R/H, Rwy 05 L/H. Warbird Rwy 23 L/H, Rwy 05 R/H.

Rwy 23 maintain runway heading until approx. 1 nm into the Solent before turning crosswind. Turn downwind when west of the beach huts and houses. Aim for the triangle copse on downwind. Turn onto base-leg prior to reaching the copse and maintaining clear of built up areas.

Rwy 05 Remain west of the disused railway line (aim to turn crosswind over the solar farm if at or above 500ft AGL) and head towards the triangular copse, turning downwind just prior to reaching the copse and maintaining clear of built up areas.

Warnings:

SAR and rotary daily H24 operations.

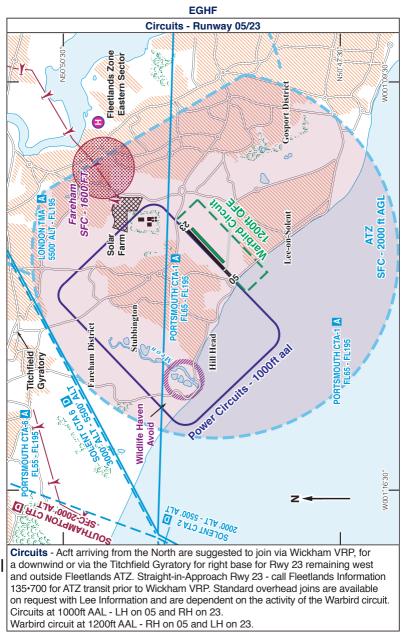

Model Aircraft Flying operates in the south-east of the aerodrome.

Fleetlands Heliport is located 1.9 nm to the north-east of Lee-on-Solent and has an active ATZ.

Possible Compass Error when using Runway 05 Bravo 2 Hold. Some aircraft may experience magnetic disturbances, affecting the Heading Reference System. Pilots should ensure that, pre-flight checks are conducted within the white box or at the hold point. When positioned for take-off from Runway 05 the aircraft heading reference is checked against the runway alignment. Aircrew noticing a compass anomaly should notify ATC as soon as possible.

Restaurant: Cafe in the reception/Terminal area with accessible toilets.

Remarks: RAF Aerodrome. Ab-Initio pilot training SFC-10,000ft out to 10 nm. Rwy 08/26 Grass for light aircraft use only. Displaced thresholds marked with black/white marker boards (08/26 Grass) and white lines on 08/26 Hard. If no contact on Wyton Radio, transmit intentions blind. Runway designation to be suffixed with 'Grass' or 'Hard' as appropriate. Dual Hard and Grass runway ops not permitted. Proceed with caution on grass areas, enter/exit runway at ends or via holding point 'X" or 'Y' only. Bad ground marked with orange/white cones. Circuit height 800ft QFE. All Circuits: to the North of the airfield, RH on Rwys 26 Hard/ Grass, LH on Rwys 08 Hard/Grass. Aircraft are to avoid overflying: Woodhurst village (1.5 nm NE of Wyton); Nature Reserve (3 nm on final approach to Rwy 26); Houghton Hall Equestrian & Alpaca Centre (0.85 nm S of airfield). Caution: Turbulence may be encountered on approach to Rwy 66 Hard/Grass and over the runways when wind speed is greater than 10kt from the S/SW. Security fence (4m high) runs across the approach to Rwy 26 Hard/Grass and down the Southern edge of the disused Rwy 08/26. Trees (up to 10.6m high) on approach to Rwy 08 Hard. MAGPAS Helimed helicopter operates H24 from compound and HLS to the North of the airfield and takes priority over all fixed wing aircraft.
