## AVIONICS CLEANER

Avionics Cleaner is a ready-to-use product for cleaning aviation screens and instruments, in-flight entertainment systems, in-seat and overhead (touch)screens, etc. This specialised formula will not damage the anti-glare coating on displays and screens and is safe for other surfaces in the aircraft such as metals, plastics and (un) painted surfaces. It guarantees a streak-free result and has an anti-static effect when used in combination with anti-static wipes.
