FOREWARD

Jonathan Shooter

Jonathan had his first trial lesson on his twelfth birthday before going on to gain his PPL with the help of an RAF flying scholarship. He went on to fly with the University Air Squadron before gaining airline sponsorship in conjunction with one of Europe's largest flying schools. He taught the PPL and associated ratings at Elstree aerodrome before gaining an internal promotion to teach the CPL and Instrument Rating at the commercial college at Cranfield aerodrome. In 2004 he was awarded a flying bursary from The Air League. After two years he joined his sponsoring airline and flew the Dash 8 Q400 throughout Europe. In 2005 he joined Europe's largest tour operator and flew the Boeing 757, 767, A320 & A321 both on short and long haul operations. He currently flies the 737NG and has over 7000 hrs with 1500 hrs instructional experience on commercial courses. He holds European, Canadian and American airline transport licences and is an authorised PPL examiner for both single and multi-engine aeroplanes.

Daljeet Gill

Daljeet is Head of Design & Development for Pooleys Flight Equipment and editor of the Air Pilot's Manuals, Pre-flight Briefing series, R/T Communications and Air Presentations titles as well as many others. Daljeet has been involved with the editing, typesetting and designing of all Pooleys publications and products since she joined us in 2001. Graduating in 1999 with a BA(Hons) in Graphic Design, she deals with marketing, advertising & design of our products. She maintains our website and produces our Pooleys Catalogue. Daljeet's design skills and imaginative approach have brought a new level of clarity and readability to the projects she has touched.

Acknowledgments

My thanks go to everyone at Pooleys who has worked on the production of this book. Particular thanks go to Sebastian Pooley, Dorothy Pooley and Daljeet Gill, for their valuable input and support. My gratitude also goes to Capt. John Dale, Head of Training at JD Aviation and a CAA initial Instrument Rating Examiner for his technical input. Finally, thank you to Joanne Shooter for her assistance with proof reading.

A GUIDE TO THE EASA IR FLIGHT TEST

Contents

Chapter 1	Preparation	1 - 8
	- Pre-course revision	2
	- Choosing an Approved Training Organisation (ATO)	2
	- Pre-course experience	3
	- Course structure	4
	- Aircraft	5
	- IRT skill test profile & Examiner briefing	6
Chapter 2	Departure	9 - 56
	a) Use of Flight Manual (or equivalent)	9
	b) Air Traffic Services documents and weather document	11
	c) Preparation of ATC flight plan and IFR flight log	12
	d) Pre-flight Inspection	23
	e) Weather Minima	29
	f) Taxying	42
	g) Pre take-off briefing	47
	h) Transition to instrument flight	50
	i) Instrument departure procedure	50
Chapter 3	En-Route	5 - 72
	a) Tracking	57
	b) Use of radio aids	61
	c) Level flight control	63
	d) Altimeter settings	64
	e) Timings and ETAs	66
	f) Monitoring flight progress	67
	g) Ice protection procedures	69
	h) ATC Liaison	71

Chapter 4	Precision Approach	73 - 92
	a) Navigation Aids	73
	b) Arrival procedures	74
	c) Approach and Landing briefing	81
	d) Holding Procedure	84
	e) Published Approach procedure	84
	f) Approach timing	87
	g) Control of the Aeroplane	87
	h) Go-around	88
	i) Missed approach procedure/landing	90
	j) ATC liaison	91
Chapter 5	General Handling	93 - 124
	a & b) Full Panel	93
	c & d) Full Panel Recoveries	94
	e) Limited Panel including recoveries from unusual attitudes	101
Chapter 6	Non-Precision Approach	125 - 162
	a) Navigation Aids	125
	b) Arrival Procedures, descent planning and considerations of MSA	128
	c) Approach and Landing briefing	129
	d) Holding procedure	134
	e) Published approach procedure	146
	f) Approach timing	152
	g) Control of the Aeroplane	153
	h) Go-around	156
	i) Missed approach procedure/landing	156
	j) ATC liaison	156
Chapter 7	Simulated Asymmetric Flight	163 - 172
	a) Engine Failure After Take-Off	163
	b) Asymmetric approach and procedural go-around	164
	c) Asymmetric approach and full stop landing	165
	d) ATC Liaison	166

Chapter 8	Oral Questioning	173 - 178
	- Altimetry	173
	- Flight Planning	174
	- RTF	175
	- Airfield Operating Minima	176
	- Icing	176
	- Test tolerances	177
Answers	To Oral Questioning	179 - 182
Appendix 1	Typical test routes	183
Appendix 2	Airfield contact details & ATIS telephone numbers	187
Appendix 3	To Part-FCL Training Courses for the issue of a CPL and an ATPL	189
Appendix 4	Calculation of Aerodrome Operating Minima	193
Appendix 5	Test day checklist	195
Appendix 6	To Part-FCL Modular training courses for the IR	197
Appendix 7	To Part-FCL IR Skill test	201
Appendix 8	Common errors and omissions	205
Appendix 9	Skill test tolerances	207
Appendix 10	Power & Attitude settings table	209
Abbreviations		211 - 218
Index		219 - 222
