The correct use of a Ceteor Booster cannot cause any damage to the electronic of a vehicle..

Ceteor booster packs are perfectly compatible with hybrid vehicles.

Following the principle "who can do more can do less" our most powerful battery boosters can also be convenient for the applications covered by less powerful battery boosters with same voltage of our range.

Caution:

The circumstances/conditions when starting a vehicle depend of various parameters: vehicle's condition, engine type (petrol or diesel) and power, presence of battery in vehicle or not, temperature, frequency of use ... Those influence the jump start's facility. Chart for your information - Manufa
