AMENDMENT

AN 4-18. 8 November 2018 (Including AIRAC 12-2018)

Replacement/Additional Pages

.....

AIRNOTES

Airnotes provide a comprehensive listing of all changes applicable to the current Flight Guide, with the exception of those already incorporated in replacement pages.

Changes notified since the last issue of Airnotes are identified by a 'bullet' in the left-hand margin.

To obviate the necessity of incorporating lengthy manuscript amendments, it is suggested that pages which are subject to amendment be suitably annotated, and then refer to the Airnotes, as required, for details of the changes.
