CLYDE HELIPORT

N55 52.07 W004 20.02

10ft AMSL

South bank of the River Clyde adjacent to Queen Elizabeth University Hospital.

The heliport has a concrete surface FATO 25m x 25m marked by an 'H' and lit with green lighting around the outside of the square.

Remarks: Base frequency: c/s 'Clyde Heliport' 122•950 A/G (Not Manned).

The pad lights are activated by 3 slow clicks on 122•950 MHz.

There are five adjacent 22m diameter parking spots. Fuel is only available from the refuelling kiosk if aircraft are parked on spots 1, 2 or 3. The Police Scotland helicopter usually occupies Spot 2.

There are known magnetic anomalies on spot 3 and on the quadrant of spot 2 nearest the refueling point which can result in AHRS misalignment. Pilots should select HSI/DG from 'slave' to 'free' before parking on spots 2 or 3.

Care should be taken on departure to ensure compasses are aligned, particularly at night or if planning to operate IFR.

All approaches should be made along the river where possible.

Notes:

The Clyde Heliport is NOT a licensed heliport.

Approach and departure corridors are over water.

The heliport is host to emergency service helicopters that may be required to react on a two minute alert. Their movements will always take priority

Glasgow heliport is based within Glasgow Airport Class D airspace.

Non Emergency Service operational flights are to be booked out with ATC by telephone on 0141 840 8029.

Prior to lifting from the heliport, when in the hover at the 'H', aircraft are to obtain clearance from Glasgow Tower on 118•805 MHz.

Visiting Aircraft

The base at Glasgow does not take scheduled or routine flights, however it will accept visiting aircraft on an ad hoc basis and subject to the following:

1. PPR must be given to any non-base aircraft prior to arrival.
2. BMCSO cannot guarantee that any visiting aircraft will be able to land at weekends.
3. BMCSO cannot guarantee a member of staff being available on the ground in the event that both the base aircraft are flying at weekends or during the week.
4. BMCSO cannot guarantee that if a visiting aircraft requires fuel that this request will be accommodated as this is dependent upon ground staff availability.
5. No aircraft movements will be accepted before 08:30L or after sunset + 30 minutes.
6. Privately owned/operated aircraft heavier than 5700kg or with a D value greater than 16m will NOT be accepted.
7. Details of visiting aircraft to be phoned through to the Engineering Department who will confirm acceptability of visit.
8. Engineering should confirm visit of acft, and confirmation to be sent by BMCSO with a request that visiting acft company/owner fax/scan through a letter confirming their invoice address, Registration of Aircraft and confirm date and timings. They must also fax/scan a copy of their Insurance if it is not already held on file.
9. The Base senior pilot (or in his absence either Duty Pilot) shall be notified of any visiting aircraft
10. On arrival, ground staff to complete Visiting Aircraft Sheet held in front of 'Visiting Aircraft' file box and ask visiting pilot to sign this form when he arrives.

Continued

CLYDE HELIPORT (Continued)

11. Failure to show or cancel booking will result in a penalty charge to the operator of the visiting aircraft.

12. Owners or pilot of any visiting aircraft requiring to land at Glasgow Heliport shall provide the following information:

- Company name
- Helicopter type (MAUM and D Value)
- Date, time and duration of visit
- Whether or not the aircraft has previously visited Glasgow base
- Any visiting aircraft must hold insurance of minimum £15million and a copy of insurance documents must be sent in advance to Glasgow

which will be kept in Visiting Aircraft file.

• If previously visited, to check whether relevant insurance document, located in Visit Aircraft file box, is still in date.

Landing Fee: Via PPR.

ROYDHOUSE (Shelley, Huddersfield) The Three Acres Inn

N53 36.55 W001 40.50

800ft AMSL

4.5 nm SE of Huddersfield.

Large grassed area 200ft x 350ft.

Remarks: Operated by The Three Acres Inn & Restaurant, Roydhouse, Shelley, Huddersfield, West Yorkshire, HD8 8LR.

The Three Acres welcomes arrival by helicopter with PPR. The landing site is a gently sloping short grassed lawn adjacent to the car park. It is surrounded by a low wall and hedgerows. Care should be taken on approach as the ground has significant relief in parts. The eastern boundary of the lawn abuts a busy public road. Depending on wind direction, a number of fields are suitable for approach before air taxi to the landing site. We are situated just north of Leeds/Bradford AD class D zone boundary, FIS is generally available and recommended from Leeds APP 134•580 or Leeds ATIS 118•030.
